

Topology and pixel overlap: base vs Attention U-Net

Metric	Base U-Net (t44)	Attention U-Net (t7)	Delta (attn-base)
clDice	0.847	0.838	-0.009
exact Dice	0.884	0.879	-0.005

Differences are marginal; table avoids visual overstatement. clDice is patch-averaged; exact Dice is micro over test pixels.
